

Insights from Data

REVIEW

HISTORY

Meets Specifications

Dear Learner,

I appreciate and commend the efforts and hard work put into this piece. Congratulations 🎉🎉 for making it pass this stage of learning with us and I wish that this spirit is carried forward in subsequent projects. You should be proud of yourself because success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do. I wish you all the best. 💪

Completeness

Three insights are reported using one Dashboard.

Nice work! As required, there are **three reported insights** in the submission which are interesting. In addition to this, I really like that you provided a **descriptive heading** for each insight. This way, readers have an overview of what each insight is all about just from the heading. 👍

Pro Tips

tips.

Each insight has an explanation describing how the insight was reached from the data.

For each insight, provide a screenshot that shows what you found in the dashboard.

It's good that you provided screenshots of the insights generated which show what you found on the dashboard. In addition to this, each insight has an explanation describing how it was reached using the dashboard. Excellent work!

Correctness

Student's conclusions are correct based on the data.

Good work with the conclusions made from the insights. 👍

The dashboard was used appropriately to find the information.

Conclusions about three insights are correct based on the data. The dashboard was well used to carry out your analysis and come to your conclusions. Each insight is definitely clear and very well explained.
